Increase for Superannuated Ministers

Will Hereafter Receive One Half the Average Salary of the Conference—Resolutions Against Liquor Law—Reports and Addresses by Prominent Men at Pawtucket.

The New England Southern conference of the Methodist Episcopal church at its session Saturday in Pawtucket unanimously passed a resolution providing for the increase of the superannuated ministers of the church. The resolution was introduced into the Rhode Island legislature by Representative Lewis calling for a vote on the license question only by petition and not each year as under the law at present.

The report of the board of deaconess work of the conference was read and a resolution was adopted to the effect that the board of deaconess work should be organized into districts from being visited by other than local representatives and should have all collections for hospitals outside divided so that the Deaconess home in this conference would receive one-half the total.

Some said they did not believe this to be fair, declaring that outside hospitals which stood ready to aid in times of distress should be recognized. Rev. J. C. Critchlow asserted that when such collections went to the Boston hospital, it was placed in the hands of the hospital board and used to support all manner of hospitals and not only that, but the report was sent back to the board for reconsideration.

Praises Secretary.
 The session was called to order at 9 o'clock by Bishop Wilson. The address of the day was made by Rev. J. C. Critchlow, secretary of the conference, who in his report praised the work of the conference for the past year.

It was voted that Brother Walter Elia be continued as conference historian and his report read. The address of the day was then taken up. The address was made by Rev. J. C. Critchlow, secretary of the conference, who in his report praised the work of the conference for the past year.

Sympathy for Sick Members.
 On the suggestion of Rev. Walter Elia of Pawtucket a committee of two was appointed to visit the sick members of the conference. Rev. C. C. Ewer, who is ill at his home.

Rev. A. J. Coultas called attention to the death of Rev. F. Simon, who was transferred to the East Maine conference, and who had served 25 years with this conference. Under the laws of the conference, Rev. Simon is dependent upon this conference, and on the motion of Dr. Coultas it was voted that the conference should send a delegation after Mr. Simon by applying to the East Maine conference for his transfer to this conference.

At the suggestion of Dr. Talbot, instead of a committee to visit Mr. Ewer, it was voted that a communication be sent to the other members of the conference, expressing the sympathies of the conference.

License Resolution.
 Rev. J. H. Buckley of Central Falls then introduced the following resolution: "Resolved, That we protest against the passage of the bill introduced in the Rhode Island legislature on April 1 by Representative Lewis, which would impose on us the burden of the liquor traffic on the condition of having the prohibition of blacklisting, intimidation and appeal to legal technicalities in order to prevent the free operation of even this restricted form of local option."

"Resolved, That since the supreme court has declared the law without the proviso to be a consistent law, and since it is the same as the law which has prevailed in Massachusetts for a quarter of a century, we demand that it be left unchanged."

Mr. Buckley asked that this resolution be passed and it was voted for unanimously.

Rev. E. Fisher of Pawtucket told the conference that he was about to leave for the hospital and requested the prayers of the members.

Deaconess Work.
 The annual report on the deaconess work was made by Rev. H. H. Critchlow of Middletown. In this report it was recommended that the collections for the hospital outside of the conference should be divided with the Deaconess home, and this portion of the report was objected to. It was moved that the report be adopted as it stood, and there was much discussion over the matter. Mr. Critchlow stated that gifts and collections were given to the Boston Hospital and that this money was put into a general fund to support the whole Deaconess work outside instead of the hospital alone.

It was moved that the report be recommended to the deaconess board for reconsideration and the motion was passed by a close vote, despite the fact that Mr. Critchlow stated that it would prove of no avail.

Dr. Clements Speaks.
 Bishop Wilson then introduced Dr. Clements of the Northern New England conference, the head of the newly organized board in the interests of the superannuated. He spoke at much length on the work done in this line by the general conference. He said: "A standard is being set and we should work up to it. Now when a man has seen 25 years of actual service in the preaching line and retires, he is entitled to one-half of the average salary of the church here. In this conference I understand that the average salary is \$740, so that the conference claimants should draw \$370 per year for his support. As a matter of fact, however, the maximum amount paid to the superannuated in this conference is \$275."

"It can be seen, therefore, that the intention is to raise the standard. The church has seen fit, therefore, to give the veteran of the church their day and it will be held on May 16, when the collections will be devoted to their support."

Bishop Wilson announced the transfer of Roy McCluskey to this conference, and it was voted that he be elected to deacon office.

Get Deacon's Orders.
 Edward K. Johnston from the Ohio conference, second year, was also reported upon satisfactorily and elected to deacon office.

The secretary then read a recommendation for the election of Harry Bond of Sandwich, Mass., to deacon's orders, and the conference board reported that he was satisfactory. He was elected.

A communication from Oneco, Conn., was then read, asking that Rev. Samuel Thatcher, a Baptist clergyman, be ordained in the Methodist ministry, as he has been preaching the gospel in that faith for some years. It was voted that the Baptist orders be recognized as equal to a local order's orders. Rev. John Smith of Waterbury was also recommended as an elder in

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Granville, Vt.—"I was passing through the change of life and suffering from nervousness and other annoying symptoms, and I can truly say that the Vegetable Compound has proved worth mountains of gold to me, as it has restored my strength and never forget to tell my friends who are suffering from the same troubles to try it."

Vegetable Compound has done for me during this trying period. Compliments of my friends and family are all in praise of the Vegetable Compound. For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion, nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

No other medicine for woman's ill has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ailments as Lydia E. Pinkham's Vegetable Compound.
